

BATCHAWANA - POSTERS

	THEME	AUTHOR	TITLE
1	Fire Response	Kendriah Pearse	<i>The wildland fire environmental characteristics associated with historical wildfire evacuations in the province of Ontario, Canada</i>
2	Fire Response	Melanie Wheatley	<i>Modelling airtanker suppression on successful fire containment in Ontario</i>
3	Fire Response	Marin Chambers	<i>1 year post-fire tree germination following four 2020 Colorado Wildfires across multiple vegetation types</i>
4	Insect Disturbance	Sophie Wilkinson	<i>Mountain Pine Beetle Attack and Fire Hazard Across Canada</i>
5	Insect Disturbance	Suzanne Bethers Marchetti	<i>Successful Reduction of a Mountain Pine Beetle Outbreak in the Southern Rocky Mountains</i>
6	Insect Disturbance	Ana Sofia Rivera	<i>Ticks & tick-borne disease dynamics across contiguous united states</i>
7	Silviculture	Michel Guimond	<i>Riparian buffer: an efficient tool or a long-term problem in Canadian boreal forest?</i>
8	Silviculture	Sanghyun Kim	<i>Managing Innovative Silvicultural Alternatives (MISA) for Conifer Regeneration in Eastern Canadian Boreal Forests</i>
9	Silviculture	Martín Alcalá	<i>How partial cuts affect the edge effect, the growth shock, and the after-harvest mortality? A comparison among the Clay Belt and the esker forests.</i>
10	Silviculture	Olivia Rianhard	<i>The Effects of Edge Influences and Fragmentation on Ectomycorrhizal Fungal Communities in and around 26-Year-old Clearcuts in the Engelmann Spruce - Subalpine Fir Zone</i>
11	Silviculture	Mary Ann Fajvan	<i>Integrating Silviculture with Hemlock Woolly Adelgid Mitigation: Crown Dynamics of <i>Tsuga canadensis</i> 10-years after thinning</i>
12	Silviculture	Claudia I. Bartlick	<i>Over the Hump: Effect of Artificial Tip-Up Mounds on Tree Seedling Composition in a Managed Northern Hardwood Forest</i>
13	Silviculture	Benjamin Rhodes	<i>Evaluating Restoration Outcomes: Red Spruce Reforestation in the West Virginia Highlands</i>
14	Social Science and Policy	Pamela Jeanne Pelletier	<i>Deconstructing Smokey: unraveling the wildfire campaign in America</i>
15	Sustainable Forest Management	Hengyi Bai	<i>Impact of forest harvesting on the functioning of boreal forest lakes</i>
16	Sustainable Forest Management	Abishek Poudel	<i>Using UAV Multi-Spectral Imagery for Forest Regeneration Assessment</i>
17	Vegetation	Victoria Shveytser	<i>Evaporation and transpiration across the seasonal transition from summer to winter at 17 eddy covariance research towers in a mixed forest landscape</i>
18	Wildlife/ Biodiversity	Jonathan Cazabonne	<i>Unravelling the unique fungal diversity hidden in podzol from Abitibi esker forests.</i>
19	Wildlife/ Biodiversity	David Hohl	<i>Changes over time in tree characteristics and tree cavities across habitats in a highly urban area</i>
20	Climate Change	Samuel Robin	<i>Simulating the future to discover the impact of climate change on the germination and establishment of boreal seedlings</i>
